NEWS FROM  
PANDORA  
April 2010

### April 2010

#### **FLORIDA: "Under Our Skin" showing Friday, April 9 - 5:00 pm**

The University of North Florida will present the documentary film "UNDER OUR SKIN: There's No Medicine for Someone Like You" at 5 p.m. on Friday, April 9, at the University Center on campus. The film tells a gripping tale of microbes, medicine and money as well as exposes the hidden story of Lyme disease, one of the most controversial and fastest growing epidemics of our time.

An open question-and-answer session will follow the film, with Mandy Hughes, one of the film's featured subjects, and Dr. Kerry Clark, a public health research professor in UNF's Brooks College of Health. This event is free and open to the public.

To reserve your free ticket for this event, go to <http://www.unf.edu/lectures>. For more information, contact Jennifer Urbano at (904) 620-1623 or [jurbano@unf.edu](mailto:jurbano@unf.edu).

#### **FLORIDA: "Does Chronic Pain Make the Brain Shrink?" - Dr. Roland Staud**

9th Annual Fibromyalgia Meeting  
Saturday, April 24, 2010  
2:00-4:00pm  
McKnight Brain Institute  
University of Florida  
Room LG-101A, DeWeese Auditorium  
RSVP: (352) 265-8901

Dr. Staud will present new research findings on the relationship between chronic pain and shrinking brain volume.

## P.A.N.D.O.R.A.'s Mission

To be one strong voice for many© . . .

- Creating and Raising Community Awareness
- Advocating for Quality of Life Issues
- Providing Support and Educational Resources
- Establishing Partnerships in our worldwide community
- Supporting Scientific Research
- Encouraging Empowerment groups
- Organizing Educational Medical & Patient Conferences

These goals will assist patients with neuroendocrineimmune disorders and their families in leading productive and fulfilling lives.

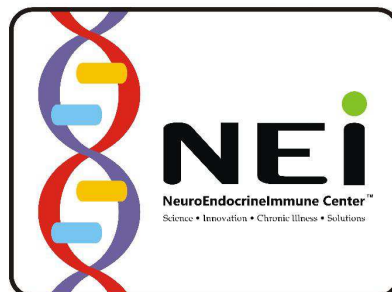

Built on Hope \* Strong on Advocacy  
Finding a Cure through Research

1 Voice - 1 Community - 1 Cause™

## NEI Center: Our mission statement

The NeuroEndocrinImmune (NEI) Center™ is a community patient-driven grass roots project of P.A.N.D.O.R.A, in partnership with the Lanford Foundation-Lifelyme, Inc.

It is the first research center to incorporate biomedical engineering scientific and clinical research, and integrating patient computer aided disease diagnosis and treatment (CADDT) specifically designed for multi-system illnesses and complex diseases.

To read the entire mission statement and for more information, go to [P.A.N.D.O.R.A.'s Facebook Cause Page](#) for the NeuroEndocrinImmune (NEI) Center™.
